## ABOUT ME

Passionate Software Engineering student at Medi-Caps University with hands-on experience in Full Stack Web Development and strong problem-solving skills in C++ (DSA). I have built multiple projects ranging from authentication systems to interactive web apps, and I thrive on turning ideas into real, working solutions. Now seeking a software engineering internship to apply my skills in a professional environment and contribute to impactful projects.

## EDUCATION

2023-2027 Medicaps University	<b>Bachelor in Technology(CSBS)</b> Relevant Coursework: Data Structures & Algorithms (Java), Full Stack Web Development, Database Management Systems CGPA: 9.2/10(till 4 <sup>th</sup> semester)
2022-2023 IPVM	<b>Higher Secondary (XII)</b> Achieved 75% in Class XII with focus on Science & Mathematics. CBSE Board
2020-2021 Queens' College	<b>Secondary (X)</b> Achieved 85% in Class X with strong academic foundation. CBSE Board

## CERTIFICATIONS & TRAINING

OCT/24 - NOV/24 <a href="#">Code With Random</a>	<b>Frontend Development Bootcamp</b> Projects completed using React & Tailwind
MAR/25-INPROGRESS <a href="#">CodeHelp</a>	<b>Data Structures &amp; Algorithms(C++)</b> CodeHelp RED DSA Course – in progress
JAN/25 - AUG-25 <a href="#">CodeHelp</a>	<b>Web Development Bootcamp</b> full stack web development(MERN stack)
JAN/25-MAR/25 <a href="#">Blue Chip</a>	<b>Programming in Java</b> Programming done in java (core+advance)

## SKILLS

- **Front-End**(HTML,CSS,JS,TAILWIND,REACT)    • **Back-End**(MERN stack)
- **Languages**(Java,C++,C)    • **DataBase**(SQL,Mongo-DB)
- **Tools & Platforms** (Git, GitHub, Postman, VS Code)

## EXPERIENCES

### Technical Team Member – E-Cell

Medi-Caps University | 2023 – Present

- Manage E-Cell website & technical operations for events (E-Summit, Saathi, FISE Chat).

### Member – Project Development Cell

Medi-Caps University | 2024 – Present

- Working in a 4-member team on software projects involving full-stack development & problem-solving.
